

AKAN CREATION MYTH

Supreme Creator
(One God with Three Aspects)

Male Female Creative Bonding Force
NYANKAPON-NYAME-ODOMANKOMA

The creative aspect of the creator creates Owuo.

The Supreme Creator makes the known Universe

The female aspect of the creator creates Asase Yaa.

The male aspect of the creator marries Asase Yaa and they produce Abo.

Abo and Bosompo created the remaining "Primordial Abosom."

Nyankapon and Asase Yaa along with Abo and Bosompo create the remaining Abosom.

Owuo

*In some stories Owuo exists before everything, even the Supreme Creator.

Most of Creation

Asase Yaa

Abo — **Bosompo***

Primordial Abosom

*Primordial Abosom is somewhat of a misnomer as the SUPREME CREATOR created most of existence whereas the "Primordial Abosom" created very minute aspects of existence.

Bosompo*

*In most stories Bosompo simply "appears" or is "created" during the creation of the Universe, which would lead to the reasoning that the Creative Aspect of the SUPREME CREATOR is responsible for Bosompo's creation/birth.

Abosom

*Abosom who were not involved in some aspect of creation act as caretakers of the Earth, Humanity and any other aspects of maintaining creation.
