

Halloween Mythology

For this unit's cultural project, you will be creating a 3-D representation of a Haunted Attraction (Miniature Sized of Course).

Haunted Attraction

- Suggested Topics: Haunted House, Barn, Prison or Asylum, Hayride, Corn Maze, Amusement Park Ride, Carnival

Guidelines

- Three students per group limit
- At least 16" x 12" (Negotiable – Discuss with Mr. Rink)
- You will need a detailed overhead map of your attraction.
- You must also provide a 3-D component for your project. For example, create a physical representation of the building that will house your Haunted Attraction. You can also make a 3D map which would count as your map and 3D component.
- Suggested Materials Include: Cardboard, Construction Paper, Cloth, Material, Miniature Accessories, Legos, Other Building Toys, 3-D Printed Materials
- You will need to create an advertisement poster or flyer for your attraction.
- Finally, you will need to present your attraction to the class.

Requirements Checklist

- ☐ Detailed map of your attraction
- ☐ A 3-D representation or visual for your attraction
- ☐ An advertisement flyer or poster
- ☐ An outgoing personality and a readiness to present your attraction to our investors

Super Duper Bonus Chance

Create a video advertisement or an audio advertisement for your attraction

Point Value

This assignment is worth 100 points.
